Communication Regarding HB 5

Community and Student Engagement Rating

To the Hubbard ISD Community:

Texas law now requires that each district evaluate itself and each of its campuses on programs that are not being reflected on the state's accountability system. The online evaluation tool, *CASE Solved*, will help give recognition to the great things that are taking place in public schools and assist in collecting feedback from the community and students on various programs.

The Community and Student Engagement Rating gives schools this opportunity to perform a self-evaluation by taking a close look at campus and district performance in 8 factors of community and student engagement and one factor of policy compliance. The 9 factors to be evaluated are:

1. fine arts,
2. wellness/physical education,
3. community/parent involvement,
4. 21st Century workforce development program,
5. 2nd language acquisition program,
6. digital language acquisition program,
7. dropout prevention strategies,
8. educational programs for GT students,
9. and compliance with statutory reporting/policy requirements.

Hubbard ISD values feedback from its community, and we appreciate you taking the time to submit an evaluation of various programs within our district as they relate to community and student engagement.

To begin the evaluation, please go to <https://www.thecasesolved.com/get-started> and follow these steps:
